TERMS	
<b>Exhibition centre</b>	Crocus Expo International exhibition centre.
<b>Organizer</b>	Crocus Expo AO CROCUS Krasnogorsk subsidiary.
<b>Management office</b>	Persons authorized by the Organizer for the Event organization and holding.
<b>Event</b>	Any exhibition, fair, corporate, congress or any other event held by the Organizer in the Exhibition centre.
<b>Exhibitor</b>	Any organization, sole proprietor or any natural person who concluded with the Organizer of the Event the space contract for participation in the Event.
<b>Participant</b>	Exhibitor, Builder or other participants of the Event (contracted by the Exhibitor stand attendants, promoters, advertising distributors, participants of any business events).
<b>Builder</b>	Any organization, sole proprietor or any natural person who concluded with the Exhibitor any contract for implementation of work package on exhibition stand and structures buildup and equipment installation, debris disposal and performance of decoration works within the contracted by the Exhibitor exhibit space.
<b>Unequipped stand (space only)</b>	A part of the exhibition space of the Event contracted between the Exhibitor and the Organizer intended for an exhibition stand, exhibits, exhibition and other relevant equipment installation.
<b>Standard equipped stand</b>	An exhibition space contracted between the Exhibitor and the Organizer of the Event equipped with standard exhibition elements by the General Builder.
<b>Registration fee</b>	Compulsory for all participants of the Event. The Registration fee will cover expenses, subject to availability of stipulated formats, related to the visitors' registration system, the Event catalogue entry including provision of invitations and Exhibitor badges.
<b>Total running time of the Event</b>	Overall Event period contracted with the Exhibitor including periods of installation, running and dismantling of the Event.
<b>Event period</b>	Event period opened for visitors except for periods of installation and dismantling of the Event.
<b>General builder</b>	Crocus Expo General builder – BuildExpo Limited Liability Company.

DOCUMENTS	
<b>Services guide</b>	Services guide for services provided for Events held in Crocus Expo IEC including the list of services and equipment and stipulating terms and costs of the rendered services.
<b>Application forms of the Services guide</b>	Set of application forms for services provided for Events held in Crocus Expo IEC.
<b>Basic requirements while running events in Crocus Expo IEC</b>	List of material terms and conditions subject to observance by Exhibitors, Participants and Builders applying to forms and scope of any information, procedure and time limit for any actions in the course of preparation and running Events.
<b>Instruction for fire safety measures</b>	Instruction for fire safety measures in the course of installation/dismantling of expositions and during exhibition events holding in Crocus Expo IEC pavilions and outdoor area.

## BASIC RULES AND RESTRICTIONS

### BASIC RULES

Only company(-ies), contracted exhibit space or standard equipped stand with the Organizer of the Event and effected the payment in full, is authorized to work at the stand. Any third-party company which is located at the stand of the Exhibitor (according to the arrangement with him), at any free stand or not equipped space without the contract with the Organizer will be removed from the Event by Crocus Expo Security service.

Only employees and official representatives of the Exhibitors are authorized to work at the stand. All stand attendants must have Exhibitor badges providing admittance to the exhibition pavilion during the Overall Event period. Badges are issued at the Service centre.

### TRADE AT THE EXHIBITION

---

Any types of trade, cash sales and commercial activity within the Exhibition centre territory should be verified to comply with the requirements of the current legislation and other legal acts regulating retail commercial activity valid in the territory of the Russian Federation.

### PAYMENT AND PAPER WORK

---

All invoices shall be settled in Russian roubles (dollars, euro) in accordance with the Contract, Additional Agreements to it and/or Application Contract. The payment shall be effected to the bank account stipulated in the invoice. Should there be any discrepancy inform immediately the Management office. Exhibitors should provide their representatives with a warrant empowering to execute financial documents during the Event period.

Applications for additional equipment and services documented at the Service centre and Management office during the Overall Event period shall be executed against the availability and payment at the Service centre in full.

The representative of Exhibitor shall have a warrant for solution of any organizational issue related to documentation and receipt of Participant badges, passes and etc.

### DAMAGE TO PROPERTY AND COMPENSATION

---

The Exhibitor shall bear material liability for any damage caused to the property of the Organizer and the General builder (including floor, walls, pavilion pillars and standard stand equipment) and also to the property of other Exhibitors. The Exhibitor shall compensate damage caused to leased exhibition and storage premises, stands; electricity, water supply and sewer system mains and other property of the Organizer and all other damages and losses caused by the Exhibitor to the Organizer.

### EXPOSITION

---

The Exhibitor and the Builder shall meet the requirement of maximum floor load per sq m for indoor and outdoor spaces (for details please refer to the PAVILION 1 EXHIBITION HALLS TECHNICAL SPECIFICATION). In case of the load requirement breach, insufficient stability of the exhibit or a special type of its fastening, the Exhibitor shall immediately inform about it the Organizer and shall continue the works only after the Organizer's approval.

The Exhibitor shall organize and carry out the work of the exposition so that avoid blocking visitors flow in the aisles and not to create threat or violation of the rights of other Exhibitors and visitors.

Any promotional activity or demonstration leading to blocking of visitors flow in the aisles or impeding access to the next stands shall be suspended for a period of time advised by the Management office. To ensure safety and comfort of visitors watching the promotional activity or demonstration the Exhibitors shall provide a sufficient space at the stand area.

During the Event period and in the course of promotional actions and other events with the use of audio and video appliances the level of noise should not exceed 75 dB. Employees of Technical Maintenance Service will effect measurements of the noise level. In case of complaints on high level of noise claimed by other Exhibitors the Organizer will express oral notification and after further violation the Organizer reserves the right to disconnect the source of noise in accordance with oral and/or written instruction.

Presentation and audio- video equipment of the Participants is allowed for use during the Event provided the equipment has been accredited by the General Builder department of Technical Documentation Inspection

The Organizer of the Event reserves the right to forbid the Exhibitor to display exhibits which might be hazardous to public, do not conform to the subject of the Event or do not belong to the Exhibitor.

If a stand remains vacant after the period provided for the exposition buildup the Organizer shall be entitled to use the unclaimed area at discretion.

### EXPOSITION BUILDUP

---

Exhibits delivery to the stand shall be made via loading gates located in the Handling operations area (access by special passes for transportation vehicles).

The exhibition stand buildup is allowed within the space contracted by the Exhibitor. Aisles between the stands shall be kept clear of equipment, empties and construction debris. When carrying out painting works the floor and the walls of the building adjoining the stand surfaces have to be covered reliably by a polyethylene film or other protective materials.

Upon completion of stands buildup and exhibits installation the Exhibitor and/or the Builder shall:

- remove all empties and containers to specially allocated places and construction debris to special containers;
- make the final cleaning of the floor and structures if dirtied during the buildup process.

### EXPOSITION DISMANTLING

---

The dismantling works and exhibits removal shall not begin before the official closing of the Event. Dismantling period is specified in the Exhibition Schedule. The Organizer reserves the right to refuse removal of exhibits from the Exhibition site before the authorized dismantling period.

The Exhibitor shall undertake to vacate and to return the leased indoor and outdoor stand area in the condition as received at own expense no later than the expiration of their rent period.

### EXTENSION OF BUILDUP/DISMANTLING PERIODS

---

The Exhibitor/Participant/Builder is allowed to use the Exhibition area contracted prior to and after the end of the Overall Event period in coordination with the Organizer should there be such a possibility. The Overtime use of the contracted space is allowed under the Overtime use terms defined in the Services guide if not otherwise stipulated by the Contract.

The minimum period of the ordered overtime use of the Exhibition area should make 2 (two) hours. If Overtime use of the Exhibition area for implementation of installation works takes place within the period from 20:00 of the last day of installation works to 08:00 of the first day of the Event period the cost will be subject to 100% surcharge.

Overtime use of the Exhibition area during the Overall Event period shall be registered by the Service Centre up to 18:00 of the day in question.

The Exhibitor shall provide the presence of his/her authorized representative on site and any other attendants responsible for compliance with the safety rules of the companies carrying out the works. If Overtime use of the Exhibition area takes place shortly before beginning the Event period (from 20:00 to 08:00 the Exhibitor shall take measures to ensure safety of the premise (stand space) where the works are carried out.

No extra cargoes are allowed to the space contracted during night hours (from 20:00 to 08:00) when the Overtime use of the Exhibition area takes place.

### SECURITY

---

The Exhibition Organizer provides twenty-four-hour security for the duration of the Event but there is no security for the exhibits. The security guards are located at the entrance to the Exhibition centre and at loading gates. The Event Organizer does not bear responsibility for the safety of the exhibits.

The Organizer provides the overnight security during the Overall Event period ensuring integrity of exhibition halls perimeter and seals located at entrances to exhibition halls and loading gates of the Exhibition centre.

ADVERTISING MATERIALS

It is strongly prohibited to place advertising materials not conforming to the subject of the Event, goods and services provided by companies not participating in the Event.

If the above mentioned condition is violated the Organizer reserves the right to apply fine sanctions including the stand shut down. In that case neither compensation will be paid nor funds paid by the Exhibitor to the Organizer for participation in the Event will be returned.

The Exhibitor is allowed to distribute advertising materials outside the space contracted only if approved by the Management office. All other types of advertising activity both within the bounds of the Event and outside the Event grounds (registration halls, passageways, outdoor area and etc.) are permitted only upon approval by the Management office and the Department of Advertising and Information.

LABOUR SAFETY AND FIRE SAFETY RULES AND REGULATIONS

The obligation for the strict observation of all regulations regarding labour safety and fire safety measures is the essential condition for the Exhibitor's participation in the Event. The Exhibitor's representatives bear full responsibility for observance of the requirements. Their omission can entail unilateral cancellation of the Contract by the Organizer. The funds paid by the Exhibitor shall not be returned.

For detailed information about fire safety measures during buildup/dismantling of expositions and holding exhibition events in the Crocus Expo pavilions and on the outdoor areas please refer to the INSTRUCTION ON FIRE SAFETY MEASURES posted on the exhibition website.

Only General Builder specialists are authorized to implement all works on engineering facilitation (connection to electricity, water supply and compressed air mains).

In the Exhibition centre premises it is strongly prohibited to:

carry out hot works (welding, soldering, metal cutting and etc.) without approval by the Fire Safety Service;

block access to automatic fire alarm systems, indoor fire hydrants and fire extinguishers;

store combustible waste and empties (disposable empties are to be utilized, reusable empties are to be stores in the warehouse);

demonstrate exhibits applying open flame;

cause damage to sprinkler distributors of the automatic fire prevention system;

use paints, lacquers, adhesive and other coatings to floor, walls and pillars of the building, standard stand equipment and asphalt pavement;

apply flammable stand construction materials not treated by fire retarding composition;

install and use tanks with fuel gases;

use pressure tanks without engineering certification;

use fixed buzz saws and orbital sanders not equipped with dust extraction bags;

change electrical circuit scheme during exhibition holding without approval, apply undeclared extra electrical appliances;

apply household electric extension cords, substandard (home produced) electric appliances;

install projectors and border lights within 0,5 m to flammable constructions and sprinkler system distributors, wrap electric lamps in paper, textile or other flammable materials;

apply organic glass, polystyrene and other flammable materials for lamp diffusers;

---

fix stand elements to steel structures and wall panels with the use of hardware and adhesive tape, and to floor (asphalt pavement) with the use of anchor bolts;

---

construct display stands within immediate proximity to stable electric boards, fire cabinets, telecommunication closets and other engineering facilities;

---

unauthorized connection to electric, water supply and compressed air mains;

---

turn on water and compressed air taps and electric distributing switchboards without approval;

---

relocate, move, break down, disassemble stable and mobile electric switchboards and connect electric appliances;

---

Smoking in exhibition halls and within the exposition site is strictly prohibited. Smoking is only allowed in specially designated and equipped areas located minimum 15 m from the entrance to pavilions and buildings.

## OFFICIAL EXHIBITOR MANUAL EXHIBITION TIME SCHEDULE

BUILDUP			
February 12	MO	08:00 – 20:00	Stands buildup (space only stands) <sup>1,2</sup>
February 13	TU	08:00 – 20:00	Stands buildup (including standard equipped stands) <sup>1,2</sup>
		08:00 – 20:00	Obligatory attendance of Exhibitors on the fairgrounds
		20:00	All stands to be ready and cleaned (including standard equipped stands) <sup>3</sup>
EXHIBITION OPENING HOURS			
February 14	WE	08:00 – 20:00	Pavilion opening hours <sup>4</sup>
		08:00 – 20:00	Obligatory attendance of Exhibitors on the fairgrounds
		10:00 – 19:00	Exhibition opening hours for visitors
February 15	TH	08:00 – 20:00	Pavilion opening hours <sup>4</sup>
		08:00 – 20:00	Obligatory attendance of Exhibitors on the fairgrounds
		10:00 – 19:00	Exhibition opening hours for visitors
February 16	FR	08:00 – 20:00	Pavilion opening hours <sup>4</sup>
		08:00 – 21:00	Obligatory attendance of Exhibitors on the fairgrounds
		10:00 – 17:00	Exhibition opening hours for visitors
DISMANTLING			
February 16	FR	17:00 – 21:00	Vehicle arrival to Handling operations area for exhibits removal
		21:00	Equipped standard stands to be cleared out <sup>5</sup>
February 17	SA	08:00 – 20:00	Stands dismantling
		08:00 – 20:00	Obligatory attendance of Exhibitors on the fairgrounds
		20:00	Pavilion to be cleared out, stands equipment and structures to be dismantled and removed <sup>6</sup>

1. For information regarding possibility and cost of the buildup/dismantling period extension please refer to the Management office.
2. Terms for bulk and heavy equipment and exhibits installation shall be agreed with the Management office in advance.
3. Any stand not occupied by 10:00 February 13, 2018 shall be deemed vacant. Please advise in writing if you cannot occupy your stand by this time.
4. Admittance to the pavilion only by Exhibitor badges. It is prohibited to carry out installation works at stands, buildup passes are invalid. The Exhibitor bears responsibility for stand exhibits security February 14-15, 2018 from 08:00 till 20:00 and February 16, 2018 from 08:00 till 21:00.
5. All exhibits and equipment shall be removed. Otherwise the Exhibitor shall bear further responsibility for their undamaged state (or full utilization of disposable structures).
6. All construction materials, structures and large-size garbage shall be removed from the Exhibition centre territory at the expense of the Exhibitor or his Builder. If necessary Builders/Exhibitors shall order utilization of garbage into garbage containers in advance. Failure to comply with the regulation involves penalties to the Exhibitor or his Builder (refer to Basic requirements while running events in Crocus Expo IEC).

width	5,3 m	5,3 m	5,3 m	5,3 m	5,3 m	5,3 m	5,3 m	5,3 m

<sup>6</sup> For location and size of folding gates between halls refer to hall layout.

Maximum ceiling beams loading capacity for suspended structures

per point of suspension	250 kg	250 kg	250 kg	250 kg	250 kg	250 kg	250 kg	250 kg
per a beam	1 600 kg	1 600 kg	1 600 kg	1 600 kg	1 600 kg	1 600 kg	1 600 kg	1 600 kg

Connection via hatches <sup>7</sup>

standard voltage 220/380 V <sup>8</sup>	yes	yes	yes	yes	yes	yes	yes	yes
water supply	yes	yes	yes	yes	yes	yes	yes	yes
compressed air mains	yes	yes	yes	yes	yes	yes	yes	yes

<sup>7</sup> For location of hatches refer to hall layout.

<sup>8</sup> Electricity connections can be made to electricity switchboards located on hall pillars and walls.

Number of conference halls/meeting rooms

36 transformable conference halls are located on Level 4 of the pavilion. Each hall space comprises 162 m<sup>2</sup>.

The General Builder carries out installation of standard equipped stands.

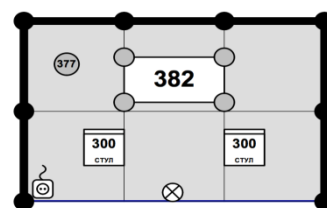

Standard equipped stand is a space equipped with the standard exhibition structures of light aluminum and plastic panels installed on the carpet flooring. The stand includes a standard set of furniture, electrical equipment and fascia with company name in accordance with approved specification and contracted space (refer to APPENDIX 2). There are stand samples available in the appendix, however the Exhibitor can design the stand layout placing walls and furniture at discretion.

The exhibitor can order additional equipment (refer to APPENDIX 1) alongside with the standard set.

The Exhibitor shall submit completed FORMS 1 and 2 (STANDARD EQUIPPED STAND LAYOUT and ADDITIONAL EQUIPMENT FOR STANDARD STAND). Please refer to APPENDIXES 1 and 2 when completing the forms.

## FORM 1 COMPLETION RULES

Draw the layout of your stand contracted space taken into consideration (relevant proportions). Indicate open sides and equipment to be installed (including additional equipment ordered by FORM 2). Indicate also separately located elements (walls, furniture, plug sockets, lamps and etc.). Do not indicate your exhibits!

Equipment not indicated on the layout  
**will not be provided!**

Equipment included into standard stand is specified in APPENDIX 2 – STANDARD STAND SPECIFICATION. Please note that standard stand packaging is invariable. Should you need additional equipment please complete FORM 2. The list of additional equipment is specified in APPENDIX 1.

If there is no FORM 1 submitted, the stand will be built up from a set of standard equipment as indicated in standard stand samples. In case of a corner configuration of the stand and absence of additional indications of the Exhibitor there will be no wall panels installed on open sides.

Please contact the Management office if ordered equipment is missing.

Stands built up and decorated by the General Builder are not subject to any independent changes, full or partial dismantling works by the Exhibitor. The Exhibitor shall not be authorized to make changes of designs and electric equipment of the stand. In case of violation of this condition and damage of the equipment, the Exhibitor shall be fined 100% of the cost of the dismantled and/or damaged equipment (structures).

**NOTE!** Exhibitors booked STANDARD EQUIPPED STAND cannot change the space application to UNEQUIPPED STAND (space only) **from January 18, 2018.**

The Exhibitor shall deposit and receive at the General Builder representative keys from doors of the stand office and locks with keys from showcases (if showcases have been ordered) on the last day of the buildup period.

## OFFICIAL EXHIBITOR MANUAL TECHNICAL REQUIREMENTS TO STANDARD STAND DECORATION

In case of violation of the requirements the Organizer reserves the right to suspend the stand buildup till elimination of the violation and fine the Exhibitor.

It is prohibited to place inscriptions, logos, and graphics on the reverse side of the wall panels which are located on/about stand boundaries and are facing other stands.

Exhibits shall be placed within the contracted space. No part of the stand structure (including lamps, flags, decorative elements, exposition and etc.) shall exceed the boundaries of the space contracted including vertical stand side.

It is prohibited to install wall panels on open stand sides.

It is prohibited to block aisles between stands and placement of materials, equipment and articles of personal use on other Exhibitors' stands.

The following should be provided: free access to cabinets (indoor fire hydrants, electricity cabinets and telecommunication switchboards) located on pillars and walls; free access to emergency exits.

It is prohibited to fix exhibits and decoration elements to electric equipment, lamps and other equipment installed on the stand and not intended for these purposes.

It is prohibited to make unauthorized pasting of wall panels, to use adhesive tape and other self-adhesive materials when decorating wall panels with information and advertizing production; it is prohibited to use staplers for fastening of advertizing and other materials; it is prohibited to perform drilling works on stand structures.

It is prohibited to perform at the stand any electric installation work not approved by the General builder including replacement of bulbs and installation of own lighting fixtures. It is prohibited to install extra lighting or mobile structures with own electric chains. It is allowed only if approved by the General builder.

It is prohibited to use chairs as stepladders.

It is prohibited to remove equipment transferred for temporary use, outside the premises.

Installation of elements of non-standard stand structures and interior decoration which aren't exhibits inside standard modular structures (independent completion or decoration making essential impact on the standard stand structure) by the Event Participant is allowed if only approved by the General builder after the review of engineering design documentation.

The Organizer will not provide furniture and other equipment the Exhibitors who have booked space only stand.

The Exhibitor who has booked space only stand will bear responsibility for the stand buildup and the equipping. The stand design shall conform to the Event's rules and requirements and shall be approved by the Management office and the General builder. In case of non-compliance with the requirements the stand buildup will be forbidden.

In case the Exhibitor applies to a contractor services for the stand construction and equipping and/or execution of installation and construction works by a third party, the Builder shall undergo accreditation at the General builder. The Builder will be allowed to perform works only against the duly signed relative contract with the General builder.

Maximum stand height shall not exceed 3 m.

No part of the stand structure, banners, exhibits and other equipment shall exceed the boundaries of the space contracted; otherwise the Organizer reserves the right to force the Exhibitor to dismantle these parts at his own expense.

## GENERAL BUILDER SERVICES

BuildExpo LLC is the Crocus Expo official General builder.

For detailed information about the General builder please refer to the official website at [eng.buildexpo.ru](http://eng.buildexpo.ru).

The price list for services rendered by the General builder is specified in APPENDIX 1.

Applications for additional services and equipment shall be submitted under the terms stipulated in the Contract for participation in the Event. Applications submitted later are subject to equipment availability.

### APPLICATION FOR STANDARD EQUIPPED STAND

---

The General builder renders the service of standard equipped stands buildup. For detailed information please refer to STANDARD EQUIPPED STAND section.

### APPLICATION FOR SPACE ONLY STAND

---

The Exhibitor can apply to the General builder's services or a contractor's services in case of booking the space only stand. For detailed information please refer to SPACE ONLY STAND section.

### CONNECTION TO ELECTRICITY, WATER AND COMPRESSED AIR MAINS

---

The General builder provides connection of the stand to electricity mains. Unauthorized connection to power supply mains is strictly prohibited. Power distribution board, plug sockets and wires shall be provided by the Exhibitor or by stand constructors. Technical and kitchen equipment of the Exhibitor will be connected to drainage system of the exhibition hall. Connection hoses, fittings shall be provided by the Exhibitor or by the stand constructor.

Standard voltage provided to Standard equipped stand – 220 V. Use FORM 1 to order voltage of 380 V. If your equipment operates on 110 V, you will need a voltage adaptor.

To order power supply, water and compressed air please complete the application form for additional services (FORM 2) and indicate their location with relevant indications on the stand layout (FORM 1).

## AUDIOVISUAL EQUIPMENT

---

The General builder provides for rent all necessary audio-, video and sound equipment, projectors and presentation hardware, including LED screens, plasma display panels, seamless panels, equipment for simultaneous interpretation, conference systems, video projectors, notebooks and so forth.

Use of own devices and audiovisual equipment (LCD / plasma display panels with the diagonal exceeding 28 inches, projectors, sound amplifiers, video walls and etc.) is allowed only after accreditation of the equipment at the General builder.

For detailed information about the procedure and cost of approval for own equipment use please refer to BuildExpo LLC Department of technical documentation inspection.

## SUSPENDED STRUCTURES

---

The project of works on suspension and removal of light structures at height with specifying of weight of the suspended structure and points of suspension is executed by the Builder and will be coordinated with the General builder and Crocus Expo Maintenance Service.

The cost of suspension works includes suspension and removal of structures. The suspension works are executed during buildup and dismantling periods of the Event. The suspension works are not executed during the Event period. When works are executed within the period from 20:00 to 08:00 their cost is subject to 100% surcharge.

## ADDITIONAL SERVICES AND EQUIPMENT

For the full list of rendered services and additional equipment during the Event holding in the Exhibition centre please refer to the Services guide.

Apply to Services guide application forms when ordering a service.

## CARGO FORWARDING AND CUSTOMS SERVICES

---

For the list of international freight forwarders which are official partners of the Exhibition centre and authorized to operate on the territory for foreign Exhibitors please refer to the website at [eng.crocus-expo.ru/services/expeditors.php](http://eng.crocus-expo.ru/services/expeditors.php).

## HANDLING OPERATIONS

---

The Crocus Expo Department of transport and logistics renders a wide range of services related to loading and unloading, hoisting and rigging works with application of the most modern hoisting equipment. Should your forwarders need information related to the full list of services and rules and regulations regulating handling operations on the Exhibition centre territory please advise them to refer to the Services guide and the Basic requirements while running events in Crocus Expo IEC accordingly.

## ADVERTISING

---

There are various adverting activities available for the Participants of the Event. They significantly improve the commercial effect of the work on the exhibition platform and the post show results being a source of additional information for visitors: navigation to stands, distribution of advertizing production, invitations to business events, seminars or master classes, announcement of special events and many other things. The full list of advertizing opportunities with the detailed description is available on the website at [eng.crocus-reklama.ru](http://eng.crocus-reklama.ru).

## CATERING

Official Crocus Expo catering partners – Backstage Catering and Sucre Bankeйт – render catering services in the Exhibition centre: buffet dinner parties, banquets, coffee breaks and food delivery to stands).

Dinner parties, banquets and other events after the Event closing hours are allowed only if approved by the Management office.

Crocus Expo catering structures allow serving events of any level of complexity: for private guests, large companies, public organizations or government institutions. The companies can offer: a possibility of attraction of resources of all restaurants located in the Crocus City territory; European, Mediterranean, Italian, Azerbaijani, Russian, Pan-Asiatic and author's cuisines; qualified personnel (waiters, bartenders, sommelier, barista, confectioners, chefs and interior designers); individual approach to each client; great experience.

## SECURITY

The Participant can order extra individual stand guards both during the Event period and in overtime. A separate contract application on the basis of the contract assignment existing between Crocus Expo and the security organizations is signed when ordering the service. Payment shall be effected in cash or to the Crocus Expo settlement account.

Security services in the territory of the Exhibition center can be ordered only at Crocus Expo. Security services are rendered by the security organizations licensed for implementation of security activity and accredited by Crocus Expo.

## STAND CLEANING

Any works on cleaning in the Exhibition Center should be carried out only by the Administrative department of Crocus Expo directly or through accredited companies, except for the works relating to cleaning, rubbing, and polishing of exhibit items.

One time cleaning of stand includes vacuum cleaning of carpeting, wet cleaning (parquet, laminated flooring) emptying of waste bins.

## TERMS FOR ADDITIONAL SERVICES AND EQUIPMENT APPLICATION

Applications for additional services and equipment shall be submitted under terms stipulated in the Event Participation Contract. Late applications shall be subject to equipment availability.

The Exhibitor shall submit all necessary applications minimum 14 calendar days prior the beginning of the Overall Event period unless otherwise is stipulated in the Contract.

Cost of services and equipment provided in accordance with the Services guide and ordered less than 14 calendar days prior the beginning of the Overall Event period are subject to 50% surcharge.

## EXHIBITOR BADGES

---

Exhibitor badge provides admittance to the Event grounds during the Overall Event period including buildup and dismantling periods.

Exhibitor badges are available at the Service centre: 1 badge for every 3 m<sup>2</sup> of the stand space.

Extra badge costs 2,00 EUR.

## PASSES FOR BUILDERS AND STAND ATTENDANTS

---

Passes for builders and stand attendants involved into buildup/dismantling process provide admittance to the Event grounds only during buildup and dismantling periods.

Exhibitors contracted Space only sites shall provide their personnel with passes received at the Service centre in accordance with the submitted list well in advance.

The Exhibitor shall submit completed FORM 4 to the Service centre in order to receive passes for builders and stand attendants.

Passes for Builder's employees shall be received in the General Builder Maintenance department only after the accreditation process has been completed.

## PROCEDURE OF EXHIBITS AND EQUIPMENT ENTRY AND REMOVAL

**TRUCKS ENTRY AND EXIT THROUGH CROCUS CITY ARCHWAY IS STRICTLY PROHIBITED!**

After entering the Crocus Expo territory the drivers of freight vehicles with exhibits and equipment shall park their vehicles on the free parking lot opposite the pavilions or on the temporary parking lot following instructions of Traffic management department until the drivers receive vehicle passes.

Entry to Handling operations area is allowed only by pass.

The Exhibitor shall complete LETTER FOR EXHIBITS AND EQUIPMENT ENTRY AND REMOVAL (FORM 3) including the list of exhibits and equipment. If you deliver goods several times or days the letter for exhibits and equipment entry and removal should be duly arranged each time or day. The letter is submitted in triplicate.

The letter is submitted to the Management office where the Exhibitor gets permission for entry provided there are no outstanding payments and all relative documents authorizing participation in the Event are available in original (Contract, Appendixes, applications, power of attorney and etc.)

After the letter is authorized by the Management office it is submitted to the Service centre.

One copy is left at the Service centre, the second is left with the security guard at the loading gates and the third is kept till your departure after the show for the removal authorization.

If the Exhibitor needs to enter/remove hand luggage, then the LETTER FOR EXHIBITS AND EQUIPMENT ENTRY AND REMOVAL after the Management office and the Service centre approval are submitted to the security guard at the exhibition hall entrance.
